

Using Bluetooth

USB Bluetooth Adapter Installation

Description

A USB Bluetooth Adapter is required for wireless communication with the NXT. Use this guide to ensure that your adapter is properly installed on your computer.

Materials Needed

- 1 Compatible USB Bluetooth Adapter (available at <http://store.robomatter.com/>)
- 1 PC (Windows XP SP2+ or Windows Vista recommended)
- 1 Available USB Port

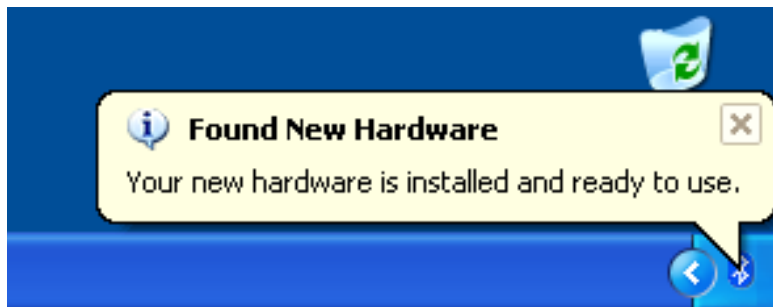

USB Bluetooth Adapter Installation

Make sure that your PC is powered on and plug the USB Bluetooth Adapter into an available USB port.

Plug in the Bluetooth Adapter
Plug the Bluetooth adapter into an open USB port on your computer.

Make sure your computer is using the Windows default Bluetooth software. Third party software is not supported and may not allow you to connect to the NXT.

Windows Installation

Windows will automatically install the USB Bluetooth adapter. This process may take a few minutes.

Notes:

- The Bluetooth Adapter will perform most reliably between uses when inserted into the same USB port.
