

# Activate ROBOTC - Offline (Web)

ROBOTC requires activation after the 30 day trial has expired, but you can activate ROBOTC at any time using the steps found in this document.

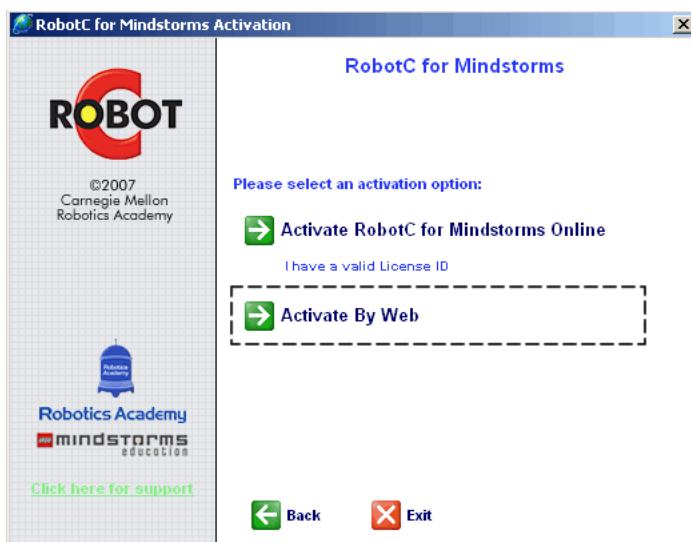

To activate ROBOTC, you will need the License ID and Password that was sent to you during the purchase process. This License ID and Password are printed on the ROBOTC for Mindstorms CD sleeve on the inside.

*Note: ROBOTC must be activated on each individual computer.*

1. Open ROBOTC and select "Activate ROBOTC" from the menu.

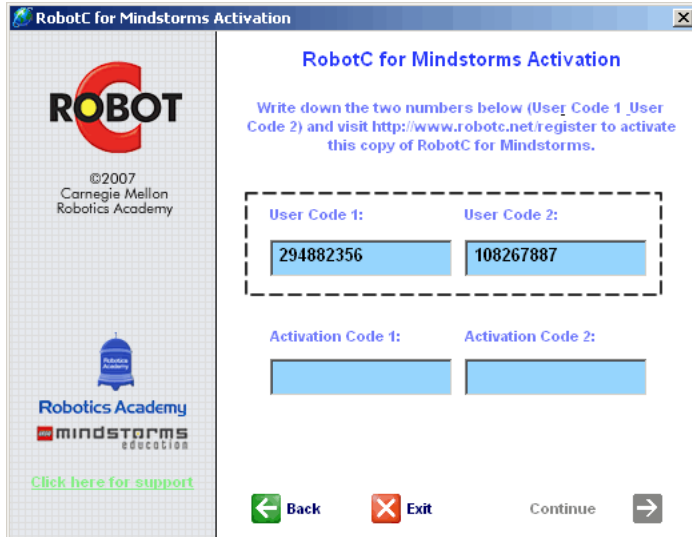

2. Select "Activate by Web"

# Activate ROBOTC - Offline (Web)

- Two user codes will be displayed. Copy both of these down. Take these codes with you to a separate computer with Internet access.

- At a separate computer with internet access, visit [www.robotc.net/register](http://www.robotc.net/register) and enter your License ID and Password that you received via email. Click "Next" to proceed.

## Activate by E-mail

### for ROBOTC

This login screen is for Customers who have purchased software previously and are coming here to activate it. If for some reason you have trouble activating your software, contact the **software publisher** for assistance.

- Enter User Code 1 and User Code 2 that you copied down in step 3. Click "Next" to proceed.

**Product: RobotC for Mindstorms**

**Key Action: Classroom License**

**Quantity: 1**
