

Activate ROBOTC - Online

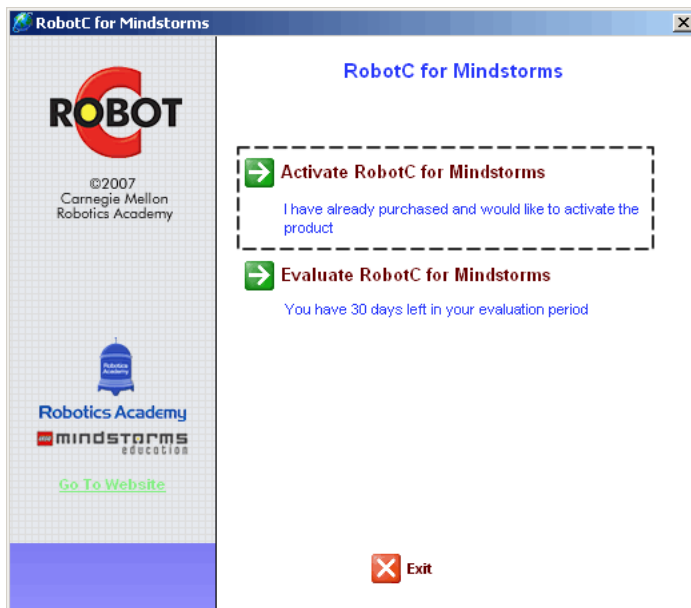

ROBOTC requires activation after the 30 day trial has expired, but you can activate ROBOTC at any time using the steps found in this document.

To activate ROBOTC, you will need the License ID and Password that was sent to you during the purchase process. This License ID and Password are printed on the ROBOTC for Mindstorms CD sleeve on the inside.

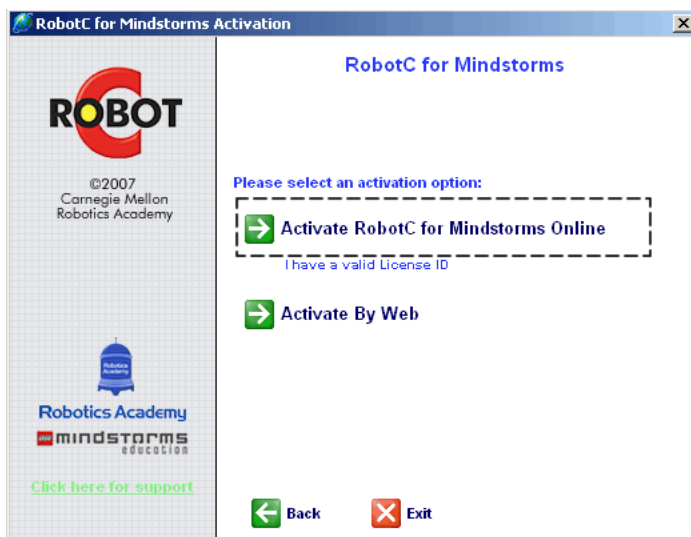

Note #1: If you are activating the ROBOTC license on computers without internet access, download and open the "Activate Offline" set of instructions.

Note #2: ROBOTC must be activated on each individual computer.

1. Open ROBOTC and select "Activate ROBOTC" from the start-up prompt.

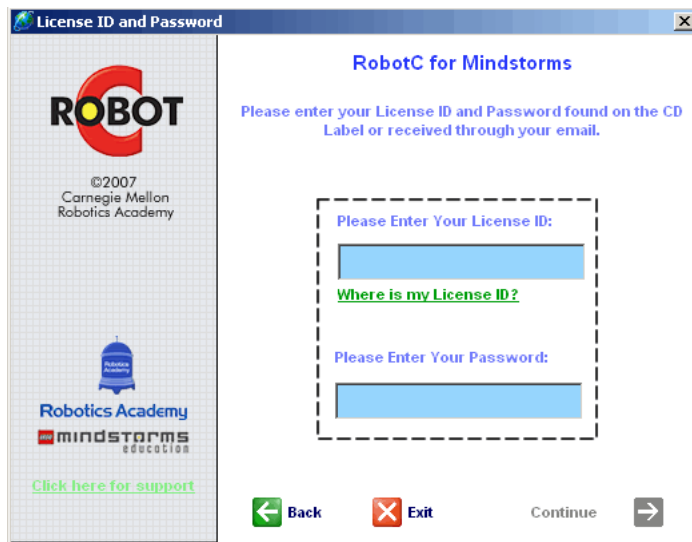

2. Select "Activate ROBOTC for MINDSTORMS"

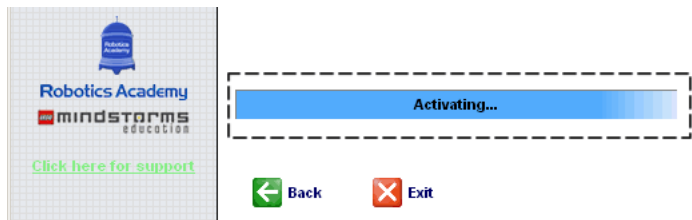

Activate ROBOTC - Online

3. Enter in your License ID and Password that you received via email. Click the "Continue" button to proceed.

4. ROBOTC will communicate with the activation server via the internet to verify your License ID and Password.

5. ROBOTC is activated and ready for use. Click Continue to use ROBOTC for MINDSTORMS.
