NXT Professional Development
Online Classes

Learn how to use LEGO & TETRIX Robots and ROBOTC or NXT-G programming to teach Science, Technology, Engineering & Math (STEM) concepts in your classroom

- Convenient online training you access from home or your school via the Internet
- NXT Video Trainer 2.0 DVD with classroom license
- Online access to supplemental lessons from other Robotics Academy materials
- Technical support for all hardware and software used in the class
- Opportunity for Certificate of Completion to apply for Continuing Education hours
- 24/7 access to class forums and message boards (monitored daily)

Choose from two sessions:

NXT Professional Development
ROBOTC Programming for TETRIX

For updated information on class times and daily or weekly schedules, please refer to the Robotics Academy website.

HOW TO REGISTER
Visit the Robotics Academy website to register: www.education.rec.ri.cmu.edu. Tuition may be paid online or by mail, using a check, money order, or purchase order.

TUITION
$499 course registration fee includes all class fees, use of Robotics Academy products where specified, class-specific technical support, access to virtual office hours, access to forums and message boards, and certificate of completion for attendees who complete all course requirements.

Curriculum was developed at CMU Robotics Academy and University of Pittsburgh’s Learning Research Development Center
