

Winnie-the-Pooh and an Electronic Encyclopedia

Winnie-the-Pooh and his friends have recently bought an electronic encyclopedia and tried to find answers to several important questions:

- Winnie-the-Pooh:
  - Where should a bear stock his jars of honey?
  - How much honey should a bear store for the winter?

- Eeyore:
  - Where should I look for my lost tail?
  - Which animals sleep during the winter?

- Christopher Robin:
  - What is the shortest way from my place to the house of Winnie-the-Pooh?
  - Who wrote the books about Pooh Bear?

The encyclopedia’s search engine identified a number of articles related to their questions; for example, it returned the following matches:

- Winter food storage (for Winnie-the-Pooh)
- Sleep patterns in mammals and other animals (for Eeyore)
- Short stories and movies about Winnie-the-Pooh (for Christopher Robin)
- Writers of children’s books (for Christopher Robin)

On the other hand, the search engine missed several other relevant articles; in particular, it did not retrieve the following articles:

- Planning of food supplies
- Lost-and-found agencies
- Finding shortest paths on a map
- Biography of A.A. Milne, the author of Winnie-the-Pooh

Your task is to determine who received each of the following matches; two of these matches were for Winnie-the-Pooh, two for Eeyore, and two for Christopher Robin:

- Books about care and feeding of bears
- Effects of honey on the sleep quality of humans and animals
- Lost tales of “Bulls vs. Bears” stock trading
- Ways to look for lost things
- Ways to store food in the house
- Winter hibernation of bears and rodents
